Don't miss this opportunity to visit one of the greatest wonders created by man: Panama Canal and its Miraflores Lock. Miraflores Locks are the first set of locks a ship must pass when transiting through the Panama Canal from the Pacific. When a ship is inside the locks, the water level rises, lifting the ship, allowing it to traverse the canal. On this adventure, observe the locks in action. Your official Panamanian guide will explain the process as you watch a vessel make its way through. Afterwards, visit the new and amazing IMAX Theatre located right next to the locks.

Through the magic of 3D and IMAX cameras, audiences everywhere can take an incredible trip through one of the seven wonders of the modern world in "Panama Canal 3D – A land divided, a world united".

The film sweeps you from the days when Conquistadores struggled through a water-soaked quagmire, to the American engineering achievement that revolutionized shipping and tropical medicine. It shows the visionary present of Panama and their efforts to expand the 100-year-old waterway to accommodate "post-Panamax" ships.

After this unique journey, re-board your bus and drive through Panama City to the Panama-Tocumen Airport, where you will catch your flight back home!

Please note: You will spend approx. 1 hour at the Miraflores locks. The actual sighting of vessels in the lock chambers depends entirely on canal scheduling.

Driving time between the port and Miraflores locks takes approx. 45 minutes. Driving time between the locks and the airport takes approx. 45 minutes.
