## PORTOFINO

Trekking from San Fruttuoso

Minimum 15 participants, maximum 30

This excursion is suitable for experienced hikers

Euros 44

You will take the tender boat to Portofino pier where your guide will be waiting, before hopping on to the public ferry service to San Fruttuoso. During the trip your guide will tell you a bit about the area and the natural environment while you enjoy stunning views of the promontory.

San Fruttuoso, also known as San Fruttuoso di Camogli is a little jewel situated on a pristine bay between Portofino and Camogli. While scarcely more than a blip on the mountainous coastline, San Fruttuoso boasts a Benedictine monastery situated right on the beach and accessible only by foot or by sea. This fine 10th century abbey is dedicated to Saint Fruttuoso, a Catalan bishop martyred by the Roman emperor Valerian and burned at the stake. According to tradition Saint Fruttuoso appeared in a dream to five monks and told them where to bury his mortal remains and to this day his ashes are kept inside the church as a precious relic. The other attraction of San Fruttuoso, apart from the spectacular views and limpid blue sea, is the statue of "Christ of the Abyss". A wonderful bronze statue of Jesus Christ, arms outstretched in blessing. The statue was submerged in the Mediterranean Sea at a depth of 56ft (17 m) near the spot where Dario Gonzatti, the first Italian to use SCUBA gear, died in a diving accident in 1947. It has become a place of pilgrimage for divers from all over the world.

Before starting on the trek, you will have time to admire the abbey (from the outside) and will learn about the history of the village and its monastery.

The trek route goes through the National park, a nature conservation area. A dirt track climbs up the promontory through a shady forest of Holm oaks. At a height of approximately 250m the trail levels off offering fantastic views of the plunging cliffs and deep

blue Mediterranean Sea. The vegetation is a mixture of evergreen Mediterranean shrubs and bushes and aromatic herbs. Flanking the southern slope of the promontory, the level trail ends just above Portofino. Don't forget your cameras because the trek offers some spectacular photo opportunities. The descent to Portofino is paved and overlooks the east side of the promontory and the beautiful Gulf of Tigullio.

- The ferry boat ride takes 30 minutes.
- The hike from San Fruttuoso to Portofino takes 2h30 but depends on the group's pace.
- The hike includes a number of steep ascents and descents.
- The start of the trail is very steep : from sea level to 250m in 40 minutes.
- Hiking shoes recommended as the ground is uneven.
- The tour is subject to weather conditions.

## ILE ROUSSE

Ile Rousse (L'isula Rossa in the Corsican language) is a little town in Upper Corsica in the Balagne region to the north west of the island, some 25 km from Calvi. It is popular with visitors but still retains its local character. Place Paoli at the centre of town is a shady square bordered by tall plane trees and outdoor cafés. It is a lively spot and a great favourite with locals who gather there to play pétanque (French bowls).

The old town with its traditional grid street system is also very worth a visit.

The Pietra peninsula, linked to the town by a jetty, affords fine views of the neighbouring islands, the port area, Ile Rousse and the Balagne hills. Climb up to the lighthouse to enjoy a really splendid panorama

## CALVI

**Sant' Antonino & Pigna authentic Corsican Villages**  
**By air conditioned motor coach and on foot**  
**Minimum 20 participants, maximum 44**  
**Duration: 3 hours**  
**Euros 57**

This excursion is the perfect way to enjoy one of Corsica's main attractions: its ruggedly beautiful scenery; winding roads will take you from one picturesque village to another.

The ancient circular village of Sant'Antonino, perched on a craggy rock overlooking the sea, is one of the oldest inhabited villages in Corsica and one of the highest. It is visible from miles around and offers superb 360° panoramic views. In the 9th century it was ruled by the Counts of Savelli who built the now-ruined castle in order to defend their clan. The narrow cobbled lanes, vaulted alleyways and neat stone houses have survived the passage of time and have changed very little over the past three hundred years. Sant' Antonino features in the list of "the most beautiful villages of France" and is highly prized by visitors for its spectacular views.

After a short visit of Sant' Antonino you will be driven to the hill top village of Pigna.

This delightful village in the heart of the Balagne region is built on a rocky promontory 224 m above sea level, situated at the foot of a mountain some 562m high. It is a veritable feast for the eyes with flower decked streets and an attractive village square. Pigna is dedicated to the pursuit of arts and crafts and a community of artists has settled there. It is the ideal place to buy some authentic Corsican souvenirs, made on site and sometimes before your very eyes.

You will spend some time in the village and then the coach will take you back to Calvi via the charming old villages of Corbara and Aregno.

- Due to restricted access the coach will park below Sant'Antonino. The walk to the village is uphill over

uneven and rough ground. Good shoes are a must.

- Corsican roads are winding, so this is not the ideal tour for guests suffering from vertigo or car sickness
- During the summer months heavy traffic can be expected, which may cause delays.
- This tour involves a lot of driving. You will spend approximately 45 minutes in each village.

## PORQUEROLLES, ILES D'HYERES

Porquerolles and Port Cros are two beautiful wooded islands situated just off the coast, near Toulon and Hyères, not far from Saint Tropez. Despite their proximity to the French Riviera they are far removed from the mass tourism of the mainland. They mainly function as a nature reserve, with Port Cros being the first sea park in Europe. Here there are no built up holiday resorts, or cars and even smoking is forbidden outside the village so as not to endanger the forest. Porquerolles is a mountain biker's paradise. You can hire a bike and cycle all around the island in the shade of its magnificent Mediterranean forest. With a little bit of effort you will discover secluded crowd free beaches such as Notre Dame in the north east corner of the island, a 20 minutes bike trip from the village. After another 20 minutes cycling you will reach the Cape of Medes and be rewarded with stunning views of the island, the coast, Bagoud, Port Cros and Levant. Silver Beach is also very fine, but often rather crowded

## SANARY SUR MER

Sanary Sur Mer is a small fishing village located on the coast of southern France between Marseille and Toulon. Among its attractions is a 13th century watchtower which now houses the Frédéric Dumas diving museum. Frédéric Dumas (1913-1991) worked closely with Jacques Cousteau, and starred in many of his underwater documentary films. Places of interest nearby include the Castellet racing circuit, Porquerolles, Port Cros, the medieval village of Le Castellet, the Gorges du Verdon and the wine circuit of Bandol.
